

Brush & Leaf Pickup by Town of Louisa Public Works

Pickup is the 1st and 3rd Wednesday of each month

To assist residents and encourage good property maintenance, the Town of Louisa is pleased to offer a brush removal service to residents. The service is intended to help residents of the town in disposing of small amounts of branches, hedge trimmings and yard wastes that are too large to fit into bags. To help ensure that we continue to efficiently and effectively provide this service to the town residents; the following rules have been established:

1. Brush must be stacked curbside by 7:00 am on the pickup day.
2. Brush pile cannot be more than 5' x 5' x 10' in one directional bundle parallel to the roadway.
3. Branches must be 4 inches or smaller in diameter and no longer than 5 feet. We cannot accept bushes with roots and dirt attached; and no grape or other vines unless compacted and tied into bundles.
4. Containers of twigs, leaves and smaller yard debris should be bagged for removal by the town's regular garbage hauling service.
5. Brush must be placed curbside in front of the property from which it originates; do not place brush in streets or onto other lots.

The brush removal program is not intended to handle large branches, logs, or tree stumps from large scale pruning or tree removal projects. Public Works crews will not remove trees cut down through contracted work or brush from nonresidential properties. This service is provided to residential properties only.

Town staff will make every effort to remove brush on the first and third Wednesday of each month throughout the town. Manpower constraints, equipment repairs and emergencies may however limit our ability to accomplish this goal. Please do not remove the brush from curbside; we will pick it up as soon as possible. For more information on Brush and Leaf pickup, please call **540-967-1400**.
